FREQUENTLY ASKED QUESTIONS, 21 December 2010

This is divided into three sections.

Section A deals with questions of a GENERAL nature.

Section B deals with question that might arise from the prospective PARTICIPANTS

Section C deals with questions and replies that may be raised by representatives of COMMUNITY & VOLUNTARY Organisations.

Introduction

- The provision of *Tús* was announced in Budget 2011 and launched by Minister Ó Cuív on 21st December 2010. The aims of *Tús* are to provide short-term, quality work opportunities for those who are unemployed and to provide certain services of benefit to communities.
- While responsibility for the operation of *Tús* rests with the Department of Social Protection, it will be managed at a local level, on the Department's behalf, by the Local Integrated Development Companies and in the Gaeltacht by Údarás na Gaeltachta.
- Community & Voluntary Organisations will be able to develop and deliver services locally and benefit from the skills and experience the unemployed person can bring.
- Participants will benefit by being involved in work.
- Those who participate will improve their work readiness and will be able to apply their skills and learn new ones.
- *Tús* will provide a new outlet for the reinvigorated processes being rolled out under the National Employment Action Plan.
- It will support the control and management actions of the Department of Social Protection by identifying those not genuinely interested in work or those operating in the black economy.

It has both an urban and rural focus and is built on the proven architecture of the Rural Social Scheme.

SECTION A – GENERAL

1. What are the aims and objectives of *Tús*?

- This is an activation initiative for those who are unemployed and on the Live Register. It will support the work readiness of those who participate.
- The initiative will provide short-term quality and suitable working opportunities for people who are unemployed while at the same time carrying out beneficial work within communities, and
- It will contribute to the management of the Live Register and act as a disincentive to those not eligible for welfare benefits.

2. Who can participate on *Tús*?

- Participants will, in the first instance, be identified by the Department of Social Protection by satisfying the following conditions:
 - A person who has been continuously unemployed for at least 12 months and “signing” on a full-time basis, and
 - In receipt of a jobseekers payment from the Department of Social Protection for at least 12 months, and
 - Currently in receipt of Jobseeker’s Allowance.

3. Does this mean that the Department will be contacting people?

- Yes.
- The Department’s local offices will contact people who satisfy the criteria.
- However, not everyone who meets the criteria will be contacted, as limited places will be available locally.

4. How many places will there be on the Initiative and how will they be allocated?

- The Government has allocated funding to provide for the phased placement of 5,000 people in the community and voluntary sector in the delivery of local services in both Urban and Rural areas. The 5,000 placements will be allocated immediately.
- The places allocated will be based on the number of people recorded as meeting the criteria for *Tús* within the area of operation of each Local Development Company/Údarás na Gaeltachta.

5. How quickly will the places become available?

- The first placements in Community & Voluntary Organisations will become available during Quarter 1/2011 and thereafter will be rolled-out on a phased basis, subject to the completion of preliminary preparations (i.e. recruitment, vetting, related processes etc.).
- *Tús* should become operational relatively quickly and build to 5,000 placements over the course of 2011.

6. What is the selection process for the Initiative?

- The Department of Social Protection will identify and contact persons on the Live Register who satisfy the criteria and offer them the opportunity to be considered for local placement as opportunities arise.
- When those identified agree to participate, they will be referred to the Local Development Company/Údarás na Gaeltachta operating in their area for interview and consideration for placement.
- The Local Development Companies/Údarás na Gaeltachta will maintain a panel from which persons will be recruited.
- As placement opportunities arise, those on the panel will be matched with the work and recruited.
- Prior to being offered a placement, it will be necessary to ensure that a person's general suitability for the work involved and their experience of similar work, is established. This will be done at local level by the Local Development Company/Údarás na Gaeltachta and the Community & Voluntary Organisation.

7. What type of work will be undertaken?

- All of the work undertaken while participating on *Tús* will be beneficial to the local community and the types of projects carried out are likely to include:
 - Energy conservation work in homes and community buildings
 - Social care of all age groups and people with disabilities
 - Caretaking, securing, supervising of community buildings and spaces

 - Work in support of cultural and heritage activities
 - Community administration and community event management
 - Coaching for sporting activities
 - Repair of equipment for the Third World – Farm Tools, bicycles, computers, sewing machines, health equipment etc.

8. Will the Initiative cover Urban and Rural areas?

- Yes, both Urban and Rural areas will be allocated places on the basis outlined in Question 4.
