

Dr. Curran Centre of Learning

**Whatever your conference,
meeting or training venue needs.**

Meeting Your Needs

Meath Partnership and **Meath Community Resources** Company Ltd. are delighted to offer meeting and training rooms for hire in the Dr. Curran Centre of Learning. The entire facility is of modern design with lots of natural daylight and rooms are available at rates that are both competitive and reasonable. With versatile seating layouts these bright, spacious and airy rooms can be adapted to meet your requirements and can accommodate between 6 and 80 people.

All our rooms are air-conditioned, equipped with multimedia/LCD projectors and screens and each room has a trainer laptop with speakers. We also provide flipcharts and pens. The IT suite is a well proportioned room with 24 individual workstations, pre-loaded with a wide range of software. Our executive boardroom is of the highest standard, eminently suitable for those situations when there is a need to impress.

Complimentary tea, coffee and biscuits are provided and additional refreshments can be arranged on request. Additionally, administrative support including black and white printing and photocopying, binding and laminating can be arranged.

"We have found the Dr. Curran Centre of Learning to be an excellent venue for our courses. Wired in OHPs and WiFi that works every time are a great bonus as is the quickly reactive heating/air conditioning system. Good parking and easy access ensure that sessions start on time. Friendly staff from Meath Partnership is always ready to assist."

Meeting Your Needs

Meeting Your Needs

When delivering training, apart from getting the content right it is equally important to get the venue right. The Dr. Curran Learning Centre at Meath Partnership ticks all the boxes. The rooms are bright, airy and spacious and the furniture can be moved around easily to suit all kinds of training whether group or workshop style. There are break-away facilities for group work and also a spacious canteen for tea breaks. In today's world, access to WiFi is imperative for training and the IT facilities at the Dr. Curran Learning Centre are second to none. I would highly recommend this venue for training as it is a comfortable environment to work in for both trainer and participants.

Bernie Tracey
Beacon Coaching Consultancy

"I have used the training facilities at Meath Partnership in recent months and have found them to be excellent. They have all the necessary tools for training and presentation and offer relaxed break room facilities for attendees also. Their training rooms have ample space for a variety of group sizes. There is plenty of parking on site and they are easy to find. I would highly recommend their facilities and I would use them again in the future."
