Quick checklist if considering an application for LEADER

- As a guiding principle, Meath Partnership on behalf of the LAG will consider projects by reference to the following:
 - Compatible with the LDS and Programme Operating Rules
 - The innovative nature of the project proposed
 - The market or demand for the proposed project, product or service
 - The economic viability of the project proposed
 - The capacity of the promoter to deliver the project
 - Adequate overall finance available to the promoter to successfully fund and complete the project.
 - The promoter possesses sufficient management and technical capacity to implement the proposed project

New Feature

Rolling vs Targeted Calls for Projects

- Rolling Calls are open applications received on a 'first-come, first served' basis. However under this Programme, LAGs must implement targeted periodic calls for EOIs. It is expected by the Department that the majority of calls will be on a targeted basis (40% minimum) and that targeted calls are spread across all themes of the Programme. Targeted calls will commence from 2017 onwards.
- The purpose of targeted calls for EOIs is to ensure that LEADER funding is targeted where it delivers the most value, is awarded based on a comparative assessment, secures equal opportunities for all potential applicants and ensures that funding is available for the duration of the Programme. Targeted Calls in Meath will adhere to the bottom-up ethos of LEADER.
- Targeted, periodic calls will be widely publicised, e.g. on the LAG's website, at information meetings and/or in the local media and direct contact with promoters.

Making an Application

5

Payment

Once the project or phase of the project is complete and all expenditure incurred, the Promoter will seek the drawdown of the grant aid. The PO will work with the promoter to finalise all outstanding checks and paperwork and present the project for drawdown. At this stage the project will undergo the final Article 48 check in terms of payment and once completed successfully, Meath County Council will issue the grant payment to the promoter by EFT.

4

Contract

Once the decision of the LAG is known, the project is presented for the second Article 48 Check. Once this check is complete and no issues found, the FP informs Meath Partnership of the outcome and the Letter of Offer and Contract is issued to the Promoter. Once the offer is accepted the eligibility period for the project commences. The PO will monitor the progress of the project and undertake site visits as required.

3

Assessment and Decision

PO will prepare an assessment of the project and present it to the Independent Evaluation Committee. The IEC will make a recommendation to the LAG for funding in terms of the amount and rate. The LAG will meet to review the recommendations of the IEC and either approve or reject the application for funding. An appeals process is in place.

Article 48: Requirement in terms of verification and compliance. Pobal/FP

2

Application

Once proposal is eligible, issued Application Form and Guidance Pack with all terms and conditions set out in terms of leases, planning permission, financing, TCC, procurement (quotes), insurance and statutory requirements. Once full application is received it will be acknowledged and sent for 1st Article 48 Check

1

Expression of Interest

New Stage: 1st formal step outlining the project idea and assessing its eligibility. All EOIs will be acknowledged and logged on RDP IT System.
